Budva, turistički centar Crne Gore, predstavlja jedinstven spoj bogate istorije i modernih turističkih sadržaja. Lidersku poziciju Budva njeguje stalnim ulaganjima u sve segmente turističkog proizvoda, uvijek prateći najnovije trendove i zahtjeve savremenog turista. Budva je, samo u posljednjih nekoliko godina, obogatila svoju turističku ponudu povećanjem broja kvalitetnih smještajnih kapaciteta, hotelskih, ali i individualnih (tzv. privatni smještaj). Podizanjem nivoa kvaliteta i broja smještajnih kapaciteta, privatni smještaj postao je odlična dopuna hotelskom smještaju, i prvi izbor mnogih turista koji tokom odmora žele da osjete domaćinsku atmosferu i duh grada. Na potezu od Jaza do Buljarice, nalazi se oko 3.000 soba, apartmana, kuća i vila za izdavanje.

Budva, the tourist center of Montenegro, is a unique blend of rich history and modern tourist facilities. Budva maintains its leadership position by constantly investing in all segments of its tourism product, always following the latest trends and needs of modern day tourists. In the last few years Budva has enriched its tourist offer by increasing the number of quality accommodation capacities, both in the hotel and individual (so-called private) accommodation. By raising the level of quality and the number of accommodation facilities, private accommodation has become an excellent complement to hotel accommodation, as well as the first choice of many tourists who want to get a better taste of the native way of life and the spirit of the city during their holidays. Along the Budva Riviera, from Jaz to Buljarica, there are about 3.000 rooms, apartments, houses and villas for rent.

Будва, туристический центр Черногории, представляет собой уникальное сочетание богатой истории и современного туризма. Лидерскую позицию Будва удерживает благодаря постоянными вложениями во все сегменты в сфере туризма, систематически следя за новыми трендами и запросами современного туриста. Будва только в последних несколько лет обогатила свои туристические предложения увеличением количества качественного жилья для аренды, гостиничного и частного. Благодаря повышению уровня качества и количества жилья, частный сектор становится отличным дополнением к гостиничным предложениям и приоритетным выбором многих туристов, которые в течение отдыха хотят почувствовать домашнюю атмосферу и дух города. На территории от Яза до Булярицы расположены около 3.000 комнат, апартаментов, домов и вилл для аренды.
